Quick Add

On the top of the client's case is a quick add with a choice for the email. This is useful and saves time instead of using outlook and having tag the email being sent in outlook. But it does not list the staff emails assigned to the case.

Assigned To

The emails for the the staff assigned to the case should come up in the email, this would save time, instead of having to manually add them to the email.

>> Staff 1	<input type="text" value="JLM"/>	Staff 5	>>>	<input type="text" value="STAFF1"/>	Staff 9	<input type="text"/>
Staff 2	<input type="text"/>	Staff 6	>>>	<input type="text" value="STAFF1"/>	Staff 10	<input type="text"/>
